## 📁 PROJECTS

### My Portfolio 📍

#### Project Overview:

My portfolio website is a testament to my skills and experiences as a web developer. It is designed to not only showcase my work but also reflect my design philosophy and technical expertise. Built using HTML, CSS, and Bootstrap, the site is responsive, modern, and user-friendly.

#### Technologies Used:

- **HTML5:** Structured the content and elements of the website.
- **CSS3:** Applied custom styling to enhance the visual appearance and user experience.
- **Bootstrap:** Leveraged Bootstrap's powerful grid system and components for responsive design and layout.

#### Key Features:

- Responsive Design:
